

Courses		Entry Requirements	Fees
Networking	<ul style="list-style-type: none"> PC Hardware and Software Maintenance (IT Essentials) 	KCSE mean grade D+ or equivalent with at least a D plain in Mathematics and English. <i>Highly recommended for students who have recently or previously completed their form IV studies.</i>	Kshs. 11,000 for each course
	<ul style="list-style-type: none"> Networking Essentials 	KCSE mean grade C- or equivalent with at least a D plain in Mathematics or Physics.	
	<ul style="list-style-type: none"> CCNA 1: Network Fundamentals 	KCSE mean grade C- or equivalent with at least a D plain in Mathematics or Physics.	
	<ul style="list-style-type: none"> CCNA 2: Introduction to Routing and Switching 	CCNA 1	
	<ul style="list-style-type: none"> CCNA 3: Switching 	CCNA 2	
	<ul style="list-style-type: none"> CCNA 4: Connecting Networks 	CCNA 3	
Security	<ul style="list-style-type: none"> Introduction to Cyber Security. Cybersecurity essentials 	Networking Essentials	Kshs. 11,000 for each course
	<ul style="list-style-type: none"> CCNA Security 	CCNA 4	Kshs 25,000
IoT & Data Analytics	<ul style="list-style-type: none"> Introduction of IoT IoT Fundamentals: Connecting Things, Big Data & Analytics, Hackathon Playbook 	Networking Essentials	Kshs. 11,000 for each course
Programming	<ul style="list-style-type: none"> Programming Essentials in C++ Programming Essentials in Python Advanced programming in C++ 	KCSE mean grade C- or equivalent with at least a D plain in Mathematics or Physics.	Kshs. 11,000 for each course
Digital Literacy	<ul style="list-style-type: none"> Get Connected 	KCSE mean grade D+ or equivalent with at least a D plain in Mathematics and English.	Kshs. 11,000
Business	<ul style="list-style-type: none"> Be your own boss Entrepreneurship 	- FREE if enrolled in any of the above courses.	

NEW COURSES	<ul style="list-style-type: none"> • CCNA CYBER OPERATIONS 	<ul style="list-style-type: none"> • Cybercrime is more rampant today and it is coupled with a great deficit in cyber security experts in the current market. The CCNA Cyber Ops program will provide you with a valuable first step in acquiring the knowledge and skills needed to work with a security operations center (SOC) team. • It will be a valuable part of beginning a career in the exciting and growing field of cybersecurity operations. This is a newly launched course by Cisco and it will be the bridge to your success in a career in cyber security. • Students need to have training in the Networking Essentials course to enroll for Cyber Ops.
	<p style="text-align: center;">INSTRUCTOR TRAINING IN</p> <ul style="list-style-type: none"> • IT Essentials • CCNA 1& 2 • CCNA 3& 4 	<ul style="list-style-type: none"> • The KU Cisco Instructor Training Center (ITC) is now open in our Nairobi and Mombasa campuses. • We are currently enrolling students for instructor training courses come January 2019. Get trained and certified to become a Cisco instructor. • With training from the KU Cisco Instructor Training Center, you will be viable to teach Cisco courses at any Cisco center within the East African region.

Credit hours and mode of study

- Registration deadline for the January intake is on 4th January 2019. Classes are scheduled start on 9th January 2019. Registration fee is Kshs 2,000 for East Africans and Kshs 4,000 for non-East Africans.
- Tuition fee stated is inclusive of instruction, exams and a certificate at the end of every course.
- KU Cisco Networking academy has intakes every month all year round.
- Each module takes 70 contact hours of theory classes and lab practical sessions.
- We offer both full time and part time classes. It takes four weeks to complete a course when studying full time and 6 weeks to complete a course when studying part-time.
