WE ARE HIRING!

KU Cisco Academy is looking to hire a qualified CCNA Instructor who will be based in its Mombasa campus.

Responsibilities:

1. Facilitation of Learning. Plan, prepare and deliver instruction and facilitate the learning of students in the CCNA modules.
2. Classroom Management. Fulfill assigned schedule, maintain accurate student attendance, maintain instructional environment with emphasis on safety, housekeeping, and equipment security, and ensure opportunities for student/participant evaluation.
3. Student Support and Guidance. Support students as a mentor and role model in the achievement of their learning and career goals.

Qualifications:

Minimum Qualifications:

1. Certified CCNA instructor.
2. At least two years' experience in training CCNA.
3. A degree in IT will be an added advantage.

Preferred Qualifications:

1. Relevant information technology related certifications such as CCNA, CCNA Security and CCNP.

Please Note: Qualified candidates are required to send in their CV and copies of their certificates via email to coordinator-cisco@ku.ac.ke and CC muthoni.emma@ku.ac.ke.

Remember to indicate **CCNA INSTRUCTOR- KU CISCO MOMBASA** as your subject heading.
